

Bright Beginnings Learning Academy is located in Crystal River, Florida. The school was originally started with one kindergarten class and we now offer K-4 for the coming 2023 school year.

The faculty and staff are highly committed to upholding the highest level of academic instruction and learning.

We emphasize strong content, which allows students to build a storehouse of knowledge on which to draw from in the memorization of math facts, the appreciation for poetry, contextual insight into biblical and historical texts, and the application of grammatical rules in writing composition.

We believe these disciplines help young minds to train and order the brain by developing well rounded reasoning skills.

Our curriculum consistently exposes our students to great children's literature, biblical literacy, science, mathematics, history, composition, grammar, spelling, handwriting, physical education, art, and music.

Each of our teachers meets one of the following qualifications:

- Bachelor's degree or higher in any subject.
- Three or more years of K-12th grade teaching experience.
- Special skills, knowledge or expertise that qualifies them to provide instruction in K-12th grade subjects.
